

The *EnergySolutions*

Foundation scholarship

program provides money for

students to apply toward a

bachelor's degree program

in math, science, and

engineering at a college or

university of their choice.

Scholarships are awarded to

10th grade students who

qualify for the program.

The long-term goal is to help

create the next generation

of mathematicians,

scientists, and engineers for

America's future.

EnergySolutions Foundation Scholarships are available to students in the following areas:

Utah

All High Schools

EnergySolutions Foundation Scholarships are also available to students in certain high schools in Idaho, Washington, South Carolina, Georgia, Tennessee, Illinois, New Mexico and Ohio.

EnergySolutions Foundation 10th Grade Scholarship General Information

The EnergySolutions Foundation is a merit-based scholarship program recognizing excellence in academics. The scholarship program is offered to one 10th grade student per high school to pursue a bachelor's degree in math, science, or engineering. Recipients will receive a \$2,000 scholarship and will be automatically enrolled in a state wide Distinguished Award competition for an additional \$25,000, \$5,000 or \$2,500 scholarship. The Distinguished Award Recipients will also receive a new laptop after high school graduation and upon entering a bachelor's program.

To Apply

If you are in 10th grade visit www.energysolutionsfoundation.org for criteria, process, acceptable degrees, eligible schools and an application or ask your high school counselor for an application.

Questions? Contact Pearl Wright at 801-649-2286 or pwright@energysolutionsfoundation.org

Frequently Asked Questions

After January 31, 2009 can I still apply?

No. All information MUST either be postmarked by this date or received electronically by midnight (mountain standard time) on this date.

Is there a minimum Grade Point Average requirement?

Yes, all applicants must have a minimum of a 3.5 grade point average (GPA) on a 4.0 scale unless a high school official/teacher can justify a lesser GPA.

When will the scholarship recipients be announced and how do I find out if I was awarded a scholarship?

All applicants will be able to check their scholarship status on or after April 15, 2008. Students who were awarded a scholarship will be notified by mail.

Are paper applications accepted?

Yes, both paper and online applications are accepted.

Is the money given at the time the scholarship is awarded?

No, the money will be held by the EnergySolutions Foundation until the student enrolls in an accredited college or university.

Will the money be given to the student?

No, the money will be given to the accredited university where the student is enrolled after a) verification of high school grades have been received and; b) a major in

math, science, or engineering is declared.

What does the scholarship pay for?

Scholarship funds may be used for tuition, fees, books, and on-campus room and board. Upon the Foundation's approval, you may also be able to use your funds for approved internships.

Can I use the scholarship at any college?

The scholarship may be used at any accredited institution in the United States where credits can be earned towards a bachelor's degree in math, science or engineering.

Do I have to study math, science, or engineering to get this scholarship?

Yes, only students who declare majors in one of the above areas will receive the funds.

I am not a sophomore, can I still apply?

No, this scholarship program is exclusively for 10th grade students.

Is there a limit of applications that will be accepted from each high school?

No, every 10th grade student who meets the criteria is welcome to apply.

Where does funding for the EnergySolutions Scholarship come from?

The EnergySolutions Scholarship is funded by EnergySolutions Foundation, a private foundation.

What if I move after I am awarded a scholarship?

Once a student is awarded a scholarship, it follows them where ever they may live. It is important to inform EnergySolutions Foundation that you have moved and update your information.

Do all my forms need to be sent in together?

No, just make sure each one is identifiable by state, school, student and received by deadline.

What are the components of the application?

- 1) application
- 2) Two (2) letters of recommendation (preferably from a math or science teacher)
- 3) Copy of 9th grade transcript, 1st Semester 10th grade transcript, and class schedule for 2nd semester 10th grade.
